

Stainless Steel Beer Tee

Plastic Beer Tee

Gas Quick Coupler Tail Piece

Beer Tee Description:

Used for the wine industry, made from solid 304 stainless steel. Has two male beer threads and one female beer thread. Can be attached to the probe of a Sankey Tap (keg coupler), or for any other use in the beer or wine industry requiring food grade stainless steel. We also have a food grade plastic Beer Tee available.

Gas Quick Coupler Tail Piece:

Stainless steel beer line tail piece for connecting argon, nitrogen, or other gas to beer line fittings requiring food grade 304 stainless steel. Fits industrial interchange air tool quick couplers, for the beer and wine industry

Sankey Tap with Beer Tee and Tail Piece
